Subject: WLAR update

FYI,

I left voice mail messages regarding the WLAR meeting scheduled for next week. The Region is requesting updates for:

1. Current Rule Package Schedule(s)
2. Report out on Spreadsheet (75 issues)

This information should be forwarded ahead of the call. It provides EPA with information necessary to make the call more meaningful and productive. Please forward by 3/4/16. If you have any questions I can be reached at (312) 886-0135.

Thanks
